About NCTRC: Dedicated to Professional Excellence

Established in 1981, the National Council for Therapeutic Recreation Certification (NCTRC) is a non-profit, international organization dedicated to professional excellence for the protection of consumers through the certification of recreational therapists.

Professional recognition as a Certified Therapeutic Recreation Specialist (CTRS®) is granted by NCTRC to individuals who apply and meet established standards for certification, including education, experience, successful completion of the NCTRC exam and continuing professional development.

NCTRC is a charter member organization of the Institute for Credentialing Excellence (ICE). NCTRC is accredited by the National Commission for Certifying Agencies (NCCA).

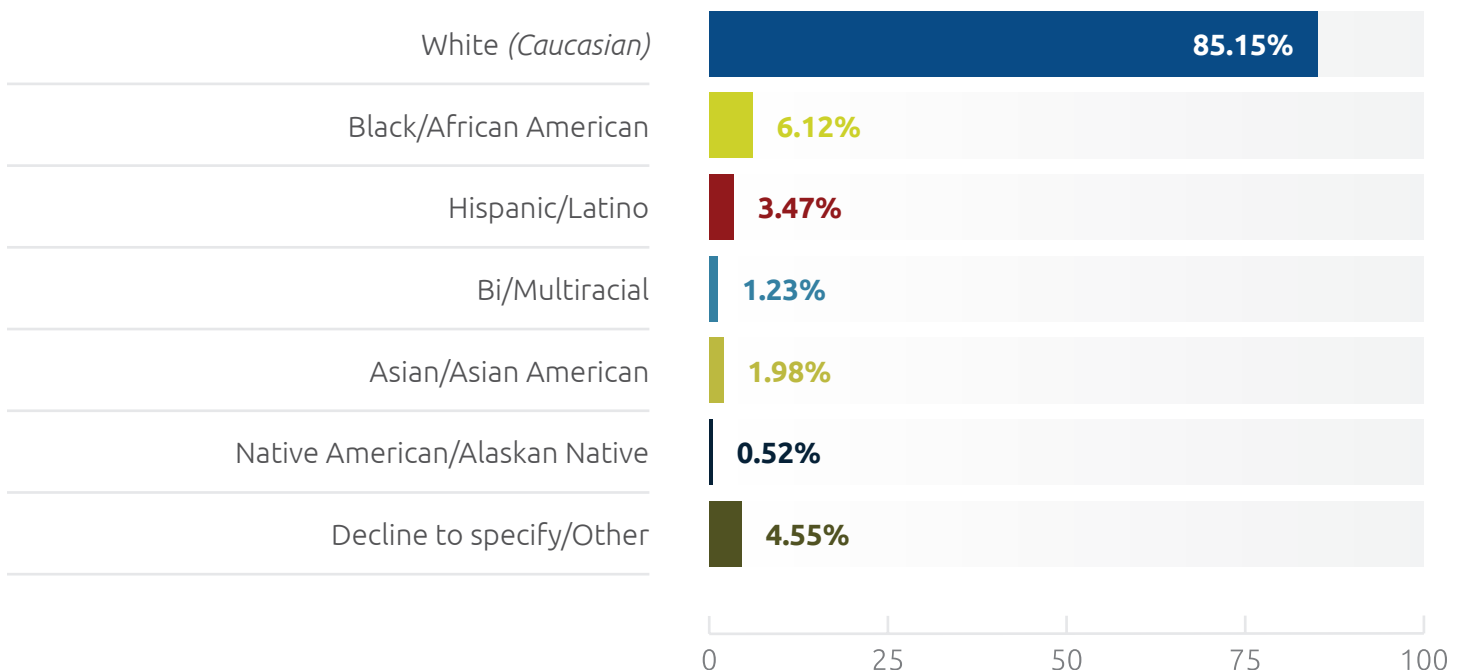

Recreational therapy and the CTRS® credential are recognized by the Commission on Accreditation of Rehabilitation Facilities (CARF), Joint Commission (JC), Centers for Medicare and Medicaid Services (CMS), Accreditation Canada, the National Center on Health, Physical Activity and Disability (NCHPAD), Diversional & Recreational Therapy Australia, as well as in federal, provincial and state legislation.

For more information about NCTRC and to review the current certification standards, please visit nctrc.org.
